DATE MAILED:

Commissioner for Patents

The reply filed on 9 January 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): While applicant has elected the group I, with traverse, applicant has not elected a single compound within that group as required by page 3 of the restriction requirement. Specifically, applicant elects a compound of formula IIa wherein ring A is a phenyl. This is not a single compound within group I as ring A in the compound of formula IIa must be a heteroaryl as it contains a nitrogen atom and can therefore not be a phenyl. A fully responsive reply will include an election of a specific compound within the elected group, which would include the ring A as a specific heteroaryl. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
